

A modern white bathtub is the central focus, set against a dramatic, dark rock wall. The tub is elevated on a white marble base. On the tub's edge, there are three glass bottles of varying sizes and a silver faucet. To the left, a small wooden stool with a white top holds a stack of folded white towels. The floor is made of light-colored wood planks. Green plants with white variegated leaves are placed on either side of the tub. The overall atmosphere is natural and sophisticated.
